

## How To Welcome Guests

**Sometimes we have guests come to our house.**

**When a guest arrives, I say "hello!" and invite them inside.**

**If I feel nervous about a guest I don't know, I can hold my parent's hand.**

**I can ask my guest if they would like a snack or something to drink.**

**The grown ups may sit on the couch and talk. I can talk too when it is my turn.**

**We may play.**

**We may go outside.**

**If I feel overwhelmed I can take a  
break.**

**If we need to take turns, I let my guest  
go first.**

**When it is time for my guest to leave, I  
walk them to their car and say  
"goodbye!"**

**I feel happy welcoming guests in my  
house.**
